Dear Sirs:

Re: Fire kill to Fuelbreak Project

You heard the unanimous support that this project proposal received at the Trinity County Collaborative's Forestry work Group meeting on September 18th. It also received the support of the full collaborative through an electronic vote on September 25th. Today the Board of Supervisors reviewed the proposal and I am writing to express the Board's support for this project within both Shasta-Trinity and Six Rivers National Forests.

We all realize that this summer's wildfires have had a dramatic impact on the program of work for the Forest, but we would encourage you and your staff to continue to work with the Collaborative to find the most efficient NEPA mechanism to implement this project as soon as possible.

Sincerely,

Judy Morris, Chairman
Trinity County Board of Supervisors
