RE: Recommended Action: Farm to School Grant

May 27, 2013

Dear Supervisors,

At the meeting, May 17, 2013 at the VFW Hall in Hayfork, CA the Trinity County Collaborative Group (TCCG) officially voted on the following recommendation:

Members of the TCCG recommend that the Trinity County Board of Supervisors forward a letter to Secretary of Agriculture Tom Vilsack requesting that he support the Trinity Alps Unified School District Farm to School grant application. Secretary Vilsack can demonstrate his support of the grant application by making the grant application an agency priority.

Award of the Farm to School grant will contribute to Trinity County's food security and self-sustainability, bolster agricultural opportunities for local farmers, and provide local, fresh foods to Trinity County's school age children.

Sincerely,

TCCG Members
